

**DISTANCE LEARNING CENTRE
DEPARTMENT OF PHILOSOPHY**

1. The primary aim of the programme is to equip mature students, particularly those already working in the private and public sectors, with certain skills that would make them relevant to the society and enhance their productivity in their places of work. These skills include the capacities for:
 - Conceptual reasoning
 - Critical and reflective thinking
 - Drawing of inferences
 - Application of general ideas or principles to particular human problems or situations.
2. In pursuit of these broad aims, the programme will seek to achieve the following objectives:
 - a. Sharpening the ability of students for logical analysis.
 - b. Developing their capacity for clear thinking and logical articulation of ideas.
 - c. Developing their capacity for decision making.
 - d. Broadening their sensibilities.
 - e. Enhancing their understanding of those political and moral principles that play crucial roles in the development of a good sense of judgement in public affairs.
3. **Admission Requirements**

To be eligible for admission into the 5 years B.A. Degree programme in Philosophy and Public Affairs, candidates must obtain five (5) O' Level credits at one sitting or at least six (6) credits at two sittings in the GCE/SSCE/NECO examinations. Such credits must include English Language and at least one other arts subject. Mature candidates with relevant Diplomas and the National Certificate of Education (NCE) in any discipline are qualified to apply for the 4 year direct entry programme in B.A. Philosophy and Public Affairs.

To be awarded the degree of Bachelor of Arts in Philosophy and Public Affairs, candidates must satisfy the regulations for the B.A. degree in the Distance Learning Programme. Candidates must also satisfy the following departmental requirements (Candidates are expected to select their courses in consultation with their departmental advisers).

5 Years Degree Programme

100 Level

- (a) Compulsory**
PHI 101, PHI 102 (6 units)
- (b) Required**
PHI 103, (3units)
- (c) Elective**
Candidates must obtain 3 units
from the following courses:
PHI 104, PHI 105 (6units)

Candidates must obtain 6 units from the following courses in the Department of Political Science: POS 111, POS 112, POS 113, POS 114 (12 units)
Additional 6 units must be obtained from other subject areas in the Faculty of Arts

200 Level

- (a) Compulsory**
PHI 202 PHI 207 (6 units)
6 units of GES, 3 units of which must be a language course i.e. GES 101 & GES 104 or GES 105.
- (b) Required**
PHI 201, PHI 203 (6 units).
- (c) Elective**
Candidates must obtain 6 units from the following:
PHI 204, PHI 206, PHI 208 (9 units)

Candidates must obtain 6 units from the following courses in the Department of Political Science: POS 211, POS 212, POS 213, POS 214 (12units).

Candidate must obtain 3 units from other subject areas in the Faculty of Arts

300 Level

- (a) Compulsory**
PHI 302 (3 units)
3 units of GES courses

- (b) **Required:**
PHI 301, PHI 205, PHI
209 (9 units)
- (c) **Elective:**
Candidate must obtain 6
units from the following:
PHI 304, PHI 305, PHI 308, PHI 311, (12 units).

Candidates must obtain 3 units from the following courses in
the Department of Political Science: POS 315, POS 334
(6units)
Candidate must obtain 3 units from other subject areas in the
Faculty of Arts.

400 Level

- (a) **Compulsory**
PHI 401 (3 units)
- (b) **Required:**
PHI 402, PHI 303, PHI
307, (9 units)
- (c) **Electives**
Candidates must obtain 6 units
from the following courses:
PHI 306, PHI 309, PHI 312, PHI
314(12 units)

Candidates must obtain 3 units from the following courses in
the Department of Political Science: POS 412, POS 421, POS
431, POS 433 (12units)
Candidates must obtain 3 units from other subject areas in the
Faculty of Arts

500 Level

- (a) **Compulsory**
PHI 411 (6 units)
- (c) **Required:**
PHI 407, PHI 313 (6 units)
- (c) **Electives**
Candidates must obtain 6 units from the
following:

PHI 403, PHI 404, PHI 405, PHI 406,
PHI 408, PHI 409 (18units)

**COURSE DESCRIPTION FOR THE B.A. DEGREE
PROGRAMME IN PHILOSOPHY AND PUBLIC AFFAIRS**

Course Code	Course description	Unit	Remarks
PHI 101	Introduction to Philosophy The nature and scope of Philosophy. Relation of Philosophy to other disciplines. Why study Philosophy? Illustrations of Philosophical thinking will be taken from the works of ancient and modern thinkers in the areas of Metaphysics, Epistemology, Ethics and Political Philosophy. Efforts will be made to show the relevance of such disciplines to the student's experience. For example, some of the philosophical problems that are considered in African thought will be discussed.	3	C

PHI 102	Arguments and Critical Thinking Meaning and definition. Types of discourse. The nature of arguments. Validity; techniques for evaluating arguments. The distinction between inductive and deductive inferences. Illustrative arguments taken from typical texts in History, Law Reports, Newspapers etc, will be examined. The course is intended to develop the student's ability to assess arguments.	3	C
PHI 103	Ethics and Society The nature and scope of Ethics. Relationship between ethics and law. Ethics and religion. The importance of ethics as a branch of Philosophy. The place of Ethics in society. Ethics and Development. The individual and social structure.	3	R
PHI 104	Methodology of Rational Inquiry Rational Inquiry as a problem-solving activity. The empirical and the apriori. The problems of induction. Analogical arguments, Elements of probability. Observation, hypothesis and scientific explanation.	3	E
PHI 105	Ancient Philosophy Survey of Greek and Roman Philosophy from Thales to Plotinus. The intellectual world of these early Greek and Roman thinkers. Special emphasis on the epistemological, metaphysical and ethical doctrines of the major figures of the period; Parmenides, Plato, Aristotle, the Stoics and Plotinus	3	E

General Studies

GES 101	Use Of English An intensive, practical and skill-oriented English course specifically designed to develop essay writing skills (Organisation and logical presentation of ideas, dictation, grammar and style), functional reading	3	C
---------	---	---	---

	skills (comprehension, analysis evaluation, logical inference and effective application, oral presentation skills and listening comprehension and note taking.		
GES 104	Science and Mankind Basic concepts in the sciences; history and philosophy of the methods used in scientific studies. The scientific mind, religion, traditional beliefs and science and technology with reference to their independence and importance to mankind, discovery and invention. Science and politics with emphasis on scientific findings, their applications, the scientist and fate of man, science and agriculture, health, communication, transportation and industrialization.	3	C

PHI 201	Introduction to Epistemology Types, source, scope and justification of human knowledge. Relation of knowledge to belief and truth. Skepticism. A study of the major schools of thought, such as empiricism, rationalism and pragmatism.	3	R
PHI 202	Introduction to Logic A general introduction to logic: Arguments, inductive and deductive. The notions of validity and soundness; logical constants. Logical and factual truth. Propositional calculus, technique for evaluating arguments, e.g. truth tables, formal proofs of validity. Basic concepts of predicate logic. Syllogistic arguments.	3	C
PHI 203	Ethics A study of major historical and contemporary themes of ethics, e.g. naturalism, intuitionism, prescriptivism and existentialist ethics. The relevance of each of these themes to issues in public policy will be stressed.	3	R

PHI 204	<p>Medieval Philosophy</p> <p>The major philosophical doctrines of Jewish, Christian and Muslim Philosophers from St. Augustine to Ockham. Emphasis on Metaphysical, Logical, ethical and epistemological doctrines. The influence of Graeco Roman thought in this period. Philosophers to be studied include Moimoliedes, St. Augustine, St. Anselm, Averroes, Avicenna, Aquinas and Ockham</p>	3	E
PHI 205	<p>Political Concepts and Ideas</p> <p>Philosophical examination of political ideas such as democracy, dictatorship, freedom, equality, socialism, liberalism, rights, justice, authority, power, legitimacy. Account will be taken of forms of African thought and practice relevant to the ideas.</p>	3	R
PHI 206	<p>Introduction to Metaphysics</p> <p>An outline of the major concerns and scope to metaphysics. A treatment of some traditional metaphysical problems. E.g. the mind-body problem, appearance and reality, universals and particulars.</p>	3	E
PHI 207	<p>Introduction to African Philosophy</p> <p>Fundamental questions about African philosophy. The idea of African fundamental philosophy. Methodologies and orientations in African philosophy. Problems of cross-cultural comparison e.g. problems of translation, rationality. The individual in society. Ethics and religion in African philosophy</p>	3	C
PHI 208	<p>Philosophy, Language and Communication</p> <p>The nature of language and human communication. The role of language in the development of knowledge. The character of concepts and their role in the organisation of human experience. The problem of the objectivity of meaning and the possibility of inter-cultural translation of ideas.</p>	3	E

PHI 209	<p>Introduction to Philosophical Writing The nature of philosophical writing. Tools of philosophical writing. Conceptual analysis as a method of philosophy. The role of reason and experience in philosophical thinking. Strategies and techniques of effective writing in philosophy. Logic and writing. Various texts will be used as illustrations.</p>	3	R
---------	---	---	---

General Studies

GES 105	<p>Land use, Agriculture and Animal Husbandry Renewable natural resources. Farming systems in the tropics, land use, planning conservation, principles of animal husbandry and horticulture, crop production, use of agricultural extension education principles and problems of livestock production, breed of livestock and domestic animals, animal behaviour. Poultry and diseases, problem and maintenance of animal health.</p>	3	C
GES 103	<p>Government, the Society and the Economy Concept and scope of psychology, research methods in psychology and life experiences. Concepts of society and the typologies of society. Politics and government, structure, nature and characteristics of government, tiers of government. Concepts of development, characteristics of developing economies, growth and development in the Nigeria economy since Independence. Man and environment, uses of human and natural resources.</p>	3	C
PHI 301	<p>Metaphysics. Nature and significance of metaphysics as a branch of philosophy. Examination of metaphysical concepts and problems, such as God, mind, destiny, chance, freewill, determinism, substance, and so on.</p>	3	R

	Personhood, morals and the meaning of life.
